

Close your strategy execution gap

Get everyone focused and collaborating on your strategic goals

Achieve more strategic goals using i-nexus

i-nexus is the better way to achieve your strategic goals.

We start by connecting the dots of strategy execution – plans, portfolios, processes, and teams.

i-nexus then leaves you to focus on planning, executing, and tracking your goals.

That's more goals achieved, with less effort, thanks to strategy execution management, powered by i-nexus.

Let's show you what that means.

Eliminate your execution gap

i-nexus shows you what's causing your gaps, letting you focus on where to double-down efforts to improve, and keep track of the areas you'll excel in

Strategy realization

i-nexus gives your strategy office the visibility and clarity needed to connect strategy to operations and hit targets

Cascade strategic goals

i-nexus helps you create clear goals and targets in every corner of your business, guiding the resources, programs, and reports key to your deployment

Know if strategy's delivering

i-nexus uses every piece of data to create a picture of your strategy delivery, forming insights that mean you'll always know whether your plan will succeed

One plan, one direction

i-nexus stops the jumping between spreadsheets and systems, so you can manage your plan in one location

Digitalize strategy execution

i-nexus replaces spreadsheets and integrates with your systems, creating real change with automated reporting, workflows, and processes standardization – the formula to drive home how you want to deliver your strategy

Overcome blockers

i-nexus brings together what makes your business your business – processes, languages, people – all aligned, ready to overcome blockers on the road of change

Respond with agility

i-nexus doesn't just focus on today – you can build your next plans while executing today's, helping you respond to whatever comes

Powering your approach

Whether following Hoshin Kanri, Balanced Scorecard, or your own business system, i-nexus powers your approach.

Hoshin Kanri

Remove Hoshin's complexity with i-nexus, featuring the only rotatable x-matrix, catchball goal setting, automatic bowling charts, and all the tools needed to align your business to true north

Balanced Scorecard

Translate strategy into action with our balanced scorecard, allowing you to focus everything against key perspectives, while i-nexus cuts admin down to size and powers better decision-making

Your approach

i-nexus goes beyond Hoshin Kanri and Balanced Scorecard – meaning you can apply your own business or operating system, with all the benefits of i-nexus powering your strategy execution

More goals, less effort

i-nexus takes you from plan to action with strategic portfolio management tools. Group projects and programs into strategic portfolios, keep on top of investments, resources, and ensure a business agility that allows you to adapt to tomorrow.

With i-nexus, you'll prioritize and align your portfolios with tools that help you.

Assess portfolios' alignment and impact on your goals

Your mission critical goals are safe inside i-nexus.

The i-nexus difference

We wrap around you

i-nexus wraps around how you want to deliver your goals. Languages, locations, products, processes. Exactly how you want it. All inside one solution.

We support

We use two decades of experience in strategy execution, Hoshin Kanri, Lean, and project management to help you overcome challenges, spot gaps, and accelerate success.

We integrate

i-nexus is your single source of truth, connecting project management software, ERP, CRM, and other critical systems to give you a total view of what matters to deliver results.

Trusted by global organizations

In our large, complex, and heavily matrixed organization, we have many strategies – from functions, regions, and businesses. It’s often difficult to communicate and coordinate action to meet all of these goals, given the different inputs and players.

The x-matrix helped us consolidate, prioritize, and align our goals at each business level.
