

Achieve your goals

Discover i-nexus, the software that aligns everyone and everything in your organization to help you achieve more of your goals with less effort

The way you deliver your goals needs to change

Your goals sit inside spreadsheets and emails, scattered across apps, desktops, and the cloud. Disconnected from each other, this patchwork of technologies brings costly errors, plans are easily lost, and targets missed. You're being held back.

But with i-nexus, you have everything you need to experience an easier way to achieve your goals through a simpler strategy execution experience.

Focus

i-nexus is the place to align everyone and *everything* that matters to your goals, so wherever you sit, you can focus on doing more of the right things

Truth

i-nexus cuts the complexities of planning, executing, and tracking your goals, providing your organization with the single source of truth

Effectiveness

i-nexus simplifies your challenges, enabling effective strategy execution and operational excellence which helps you to deliver more of your goals

Let i-nexus show you how it should be

i-nexus helps you embrace the challenges of executing strategic and operational work with a collaborative solution. No longer will goals, portfolios, projects, and performance management be disconnected.

i-nexus is the answer to connecting everyone and everything that drives your goals.

Strategy execution

Get everyone focused and collaborating on your strategy. Designed for strategy offices and transformation teams, you'll have one direction, linked plans, portfolios, and performance metrics inside i-nexus, making for simple, effective strategy execution.

ESGs

One location for *all* your tools

i-nexus gives you a canvas for planning, executing, and tracking your goals.

Plan

Wherever you sit in your organization, our x-matrix, balanced scorecard, and portfolio tools support well-balanced, transparent plans.

With i-nexus, you'll confidently plan and deploy goals across your entire organization, and connect them back to strategy.

How that helps you

- Build robust, balanced short-term and long-term plans
- Involve corporate to the shopfloor in building goals
- Easily spot planning gaps and address them at pace
- Accurately display your financial performance and results
- Create portfolios aligned to your strategic focuses
- Minimize and adapt to disruptions to strategy delivery

What you can do

- | | |
|--|--|
|  X-matrix planning |  Portfolio selection |
|  Goal setting and cascade |  Financial targets |
|  Scenario planning |  Metric and KPI setting |

Execute

Whether controlling the portfolio, or contributing to a project, i-nexus gives you vast tools to align everyone to plans, ward off non-strategic disruptions, and build a stronger execution culture.

Inside i-nexus, you'll execute your plans exactly the way you want.

How that helps you

- Portfolio and delivery data enables early sights of risks
- Resources and work remains tightly aligned to strategic goals
- Operationalize your ways of working and optimize processes and results
- Build and continuously improve your learning culture

What you can do

Portfolio planning

Project and program management

Templates and methodology management

Workflow management

Idea management

Learning and development management

Track

Whatever metric, goal, countermeasure, or team-focusing scorecards are needed, i-nexus makes it easy to enter data and build a crisp picture of performance, so you're always ready to change direction.

With i-nexus, you'll always know if things are going to plan, and have the tools to adapt at pace.

How that helps you

- Always know how every part of the plan is performing
- Drastically reduce the admin of data collection and reporting
- Manage and optimize goal delivery based on one source of data
- Encourage your team to follow processes and best practices
- Accurately track and realize the benefits and impact of your work
- Fuel your planning processes with early warnings and real-time performance data

What you can do

Scorecards

KPI metric bowling charts

Metric journals

A3 root cause analysis and countermeasures

Impact and benefit analysis, and financial tracking

Automated strategic and operational reports

i-nexus strategy software is AWS hosted, with disaster recovery capabilities, 99.9% uptime, ISO 27001 certification, GDPR compliance, and more.

Your mission critical goals are safe inside i-nexus.

The i-nexus difference

We wrap around you

i-nexus wraps around how you want to deliver your goals. Languages, locations, products, processes. Exactly how you want it. All inside one solution.

We support

We use two decades of experience in strategy execution, Hoshin Kanri, Lean, and project management to help you overcome challenges, spot gaps, and accelerate success.

We integrate

i-nexus is your single source of truth, connecting project management software, ERP, CRM, and other critical systems to give you a total view of what matters to deliver results.

Trusted by global organizations

i-nexus replaced our spreadsheet patchwork with a single solution that automated our process. Automating our manually-intensive process has led to productivity gains and the ability for the team to think strategically.

Maresh Shankar, Director, Strategy, Wabtec Corporation
